

## **Initial Build Notes**

Date: 11/20/22

### **Roles**

**Creative Director:** Sarah Wang

**Developer/Designer:** Jin Park

### **Meeting Notes:**

- Really enjoy the direction the site is going
- Wishing there was more clarification when looking at the photos. For example, maybe when you hover over a photo it shows a text overlay of what the movie is?
- I like how cute and bubbly the round corners make it feel, very align with how Studio Ghibli presents itself.
